FERTILIZER.

FERTILIZER.

WHANN'S RAW BONE SUPER PHOSPHATE.

The unexcelled success of this renowned manure during many years, has  
a reputation when few other fertilizers can claim. Its sales are very extensive. In all  
the country, especially in the South where cotton and corn are  
largely grown, so decided and positive have been its results on these important crops,  
that in many sections it is preferred to all other manures.

Whann's Raw Bone Super Phosphate

It is a rich and active in its effects. It starts the young plant vigorously, and by fur-  
nishing a steady supply of nutriment during the period of its growth, brings the crop to  
a healthy maturity in time to escape the ravages of early frosts.

We prefer this well known fertilizer to our friends, confident that they will concur in  
the opinion of the leading planters of the South, that for Cotton and Corn it is un-  
equalled.

LOCAL BRIEFS.—

Allcott & Co. have on hand at all  
times a good lot of groceries. See  
notice elsewhere.

The attention of the ladies is called  
to the advertisement of a nice lot of  
flowers in pots at N. C. Book Store,  
Jas. H. Ennis, Agent.

L. Branson has a large lot of school  
books and sheet music which he calls  
attention to in this morning's issue.  
Go and see for yourself.

The municipal campaign between the  
"ins" and "outs" waxeth warm and  
promises to be one of exciting  
interest, and much sport to our out-  
siders.

John D. Primrose, Esq., formerly  
senior member of the firm of Prim-  
rose, Petty & Newson, is quite sick  
at his residence on East Edenton  
street.

Mr. Geo. Lougee announces in an-  
other column that he will sell at cost  
for the next two days a number of  
cook stoves or any article in the tin-  
ware line.

The "outs" are much encouraged  
by the result of the "ins" meeting  
on Thursday night, and yesterday  
were jubilant over their prospect of  
success. "Let 'em fight."

The funeral of the late Mrs. Mar-  
garet M. Henry will take place from  
Christ (Episcopal) Church, this after-  
noon at 5 o'clock. The friends and  
relatives of the deceased are invited  
to attend.

Religious services continue at the  
Baptist Church and large audiences  
are present on every occasion. To-  
night the Rev. Mr. Grames will  
preach a sermon to young ladies es-  
pecially.

Col. L. C. Edwards, who has been  
with the firm of Messrs. Batchelor,  
Edwards & Batchelor, of this city,  
has removed to Oxford, his former  
home, where he will reside in the fu-  
ture.

The U. S. Circuit Court will com-  
mence its session on the 1st day of  
June. The Clerk of the Court, Mr.  
Riddick, is all in readiness, with his  
dockets complete and quietly laying  
on his oars, awaiting his own good  
time.

The street force are still hammer-  
ing away on the South street tunnel.  
It is thought now that this work will  
be completed in time for persons liv-  
ing on the other side to cross over to  
the new Postoffice by the time that  
building is completed.

The small pox excitement has en-  
tirely subsided. The patients have  
been removed several miles beyond  
the city limits and are rapidly recov-  
ering. There is no fear of the disease  
spreading, as every precaution has  
been taken by the city authorities to  
prevent it.

Mr. J. T. Littlejohn, the Chair-  
man of the Conservative-Democratic  
Executive Committee for Greenville  
county, has called a meeting at Ox-  
ford on Tuesday of Court week, the  
21st inst., for the purpose of select-  
ing delegates to the District Con-  
gressional Nominating Convention, and  
for other purposes.

See the attractive advertisement of  
Nat. L. Brown in this morning's  
News. We cheerfully recommend  
all to give Brown's variety store the  
preference, for we may safely say,  
he has the largest and most complete  
stock of toys, fancy articles, etc., in  
our city. Go see him and satisfy  
yourself.

By reference to our advertising col-  
umns it will be seen that Messrs.  
Ziegler & Gruendler, our live cigar  
manufacturers, have a full assort-  
ment of their popular brands of cigars,  
which they are offering to the whole-  
sale trade at low prices. Smoke  
and have fun, and dealers should  
keep a supply always on hand.

PROHIBITION OR NO PROHIBITION.

The Board of County Commissioners  
yesterday passed an order calling  
for an election to be held in the town-  
ship of Raleigh, on the question of  
Prohibition or No Prohibition; in  
other words whether or not we shall  
go it hereafter on a wet or dry basis.  
Palmholders are appointed at each  
voting precinct, to be composed of  
an equal number of dry and wet  
voters. This campaign will doubt-  
less excite a lively interest, but as it  
is a matter the News has nothing to  
do with, we shall say "hands off,"  
only reserving the right to note any  
outside items of interest that may  
occur during the campaign. With  
"one foot on land and the other in  
the sea" we will stand and look on  
as an observer, but ready to throw  
up our hats for the winning side.  
Fight it out on your own line, we are  
prepared to stand it through the  
summer.

THE LIQUOR TAX.—In the new  
revenue bill there is an important  
change in the tax on spirits and li-  
quors which may possibly be of ad-  
vantage to some of our readers.  
Formerly every person that purchas-  
ed liquors was subject to a tax on the  
purchase. According to the present  
revenue law or "machinery act" a  
retailer, for instance, in the city of  
Raleigh purchasing from a whole-  
saler is not subject to a tax on his  
purchases provided he obtains from the  
wholesaler a certificate to that ef-  
fect. Therefore the tax on pur-  
chases was required of every person  
that made a purchase, now only one  
tax is required, the party first paying  
and giving his certificate to that ef-  
fect.

IMPORTANT TO REGISTERERS OF  
DEEDS AND MERCHANTS AND  
TRADESMEN.—The new revenue act  
having changed the times for listing  
amount of receipts, &c., by persons  
carrying on licensed trades, and as  
some difficulty existed in the mind  
of the Register of Deeds as to when  
the change should take place, &c.,  
Capt. W. W. White addressed a let-  
ter to the Treasurer Department, ask-  
ing an official opinion in regard to  
the matter. The Treasurer on yester-  
day forwarded to Capt. White the  
following opinion:

STATE OF NORTH CAROLINA,  
TREASURY DEPARTMENT,  
Raleigh, April 3d, 1874.

W. W. White, Esq., Register of Deeds,  
&c., Raleigh, N. C.:

SIR:—Yours of 31st ult. received.  
You state as follows: "By section 25  
of the act to raise revenue it is made  
the duty of all persons carrying on  
licensed trades to list the amount of  
receipts, &c., on the 1st of January  
and July, &c. By the last act the  
person carrying on a trade takes out a  
license on the 1st of April, which they  
did, but have only paid to last Janu-  
ary. The license expires the 1st of  
April. I desire to know if such per-  
sons must wait until the 1st of July to  
take out their license, paying the  
back taxes from 1st of January, or  
must the parties continue to take out  
license as heretofore on the 1st of  
April."

I am of opinion that, as the law re-  
quires merchants to pay a tax on pur-  
chases for preceding six months which  
they can list the amount of their pur-  
chases to the Register of Deeds the  
first time under the present law, on  
the 1st of July. By so doing their  
license will not be interfered with,  
as it was not necessary to have an  
annual, but a quarterly license, and  
their last quarterly license was given  
as on 1st of January, 1874. I do not  
consider, therefore, that the merchant  
carrying on business without out-  
license from 1st of April to 1st of  
July.

The same rule that applies to mer-  
chants, as indicated in the foregoing  
opinion, applies also to other classes  
of persons that are required to list their  
receipts or sales.

The Sheriff's receipt for the tax  
serves as a license to do business. The  
only form of license to be used by  
Sheriffs is prescribed in Section 25,  
Schedule, and the Sheriff should  
always use that form in substance.

I have answered your inquiry more  
fully, perhaps, than was contem-  
plated, but not more so than the im-  
portance of the subject suggested.

Very respectfully,  
D. A. JENKINS,  
State Treasurer.

A SLIGHT MISTAKE.—It is not  
altogether strange, but nevertheless  
a fact, that local editors will at times  
fall into slight mistakes, and errors  
will necessarily creep in the local  
columns of a daily paper, especially  
the mistakes, however, which they  
occur, being slight, we seldom make  
the matter worse by a correction in  
the next day's paper, but in the present  
instance we think a slight error  
should be corrected.

In a local notice in our yesterday's  
issue, headed "The Lecture Last  
Night," we stated that "Hon. J.  
J. Hickman delivered his temperance  
lecture to a large audience at  
Common's Hall last evening." The  
slight error contained in this re-  
gard is that Common's Hall was not  
the place where the lecture was delivered;  
in the second place, there was not  
a full audience in attendance; lastly,  
Col. Hickman did not lecture at all.

The fact is simply this: we were  
necessarily compelled to be present at  
the Radical pro-wow at Metropolitan  
Hall, Col. Hickman was advertised  
to lecture at Common's Hall, but  
the error led us to use about sunset  
the lecture was postponed. We  
thought as a matter of course that—  
well, to make a long story short—we  
lied.

CAPT. S. T. WILLIAMS.—The last  
Oxford Herald pays the following  
handsome compliment to the late  
Political Editor of this paper:

"Among the number of gentlemen  
spoken of in connection with the  
Congressional nomination in this  
district we notice the following: Gen.  
W. R. Cox, of Wake; Hon. Josiah  
Turner, of Orange; Col. J. S. Amis,  
of Granville; Capt. J. S. Davis,  
of Franklin; Hon. John A. Manning,  
of Chatham."

"The Herald," while expressing no  
preference for either of these distin-  
guished gentlemen, and being about  
to support the nominee, who ever  
he may be, would respectfully  
submit to the Convention the name  
of the talented young gentleman  
whose name heads this article—Capt.  
S. T. Williams, of Wake."

A few years ago Capt. Williams  
was nominated, and made a gallant  
canvass against over-powering odds,  
in which, though unsuccessful, he  
ably vindicated the principles of his  
party.

"Since then he has proven himself  
an ardent, skillful and accomplished  
defender of Conservatism, both upon  
the stump and as editor of the RAL-  
PH NEWS, the recognized organ of  
our party in the State. His claims  
are at least entitled to respectful  
consideration at the hands of the Party  
Convention, and, with such a view,  
we suggest his name, repeating our  
assurance of hearty support of any  
candidate whom the Convention, in  
its wisdom, may see fit to nomi-  
nate as our standard bearer."

THE COMING BASE BALL MATCH  
GAME.—As previously stated, the  
Athletic Base Ball Club of this city,  
are to contend with the "Independ-  
ents," of Hillsboro, in a match game,  
on the grounds of the latter, in the  
ancient "burg," on Tuesday next.

The Athletics have had considera-  
ble experience in the game, and will  
doubtless prove to the Independents,  
"foemen worthy of their steel." We  
wish them a pleasant trip and a merry  
time. The picked nine of the Ath-  
letes are: Messrs. Alf. Haywood, C.  
Samuel Coley, P. Walter Fowler, 1st  
B. L. Winston, 2d B. E. B. Hay-  
wood, 3d B. E. F. Smith, S. S. M.  
L. Haynes, R. S. C. M. Weathers,  
L. F. J. Q. Holt, C. F. G. Lovejoy,

DURHAM.—Our "traveling corres-  
pondent" has visited Durham this  
week, and here is what he has to say  
of it:

"We found Durham to be exactly  
as Woodson styles it, the magic city  
of the North Carolina Railroad. In  
addition to the eighteen or twenty  
tobacco factories mentioned in the  
previous article, there are about  
twenty-five mercantile establish-  
ments, nine bar-rooms and a hotel.  
The tobacco which supplies the num-  
erous factories is not, as many sup-  
pose, raised in the immediate vicinity  
of the town, but is brought principally  
from the counties of Granville, Cas-  
well and Person. In this State, and  
the counties contiguous thereto on the  
Virginia side of the border line,  
which is the finest tobacco section of  
the country."

"All the factories manufacture  
smoking tobacco, exclusively, except  
that of Blackwell & Co., which man-  
ufactures a large amount of both  
chewing and smoking tobacco. The  
amount expended daily by this firm  
in revenue stamps amounts to a daily  
average of twelve hundred dollars or  
\$300,000 per year instead of \$200,000  
as previously reported."

The rapid progress of Durham is  
very striking when we compare its  
present state of thrift and business  
prosperity with its condition im-  
mediately after the close of the war,  
when it was a mere railroad station,  
with a depot house and two or three  
surrounding structures. Several to-  
bacco factories are in course of con-  
struction, and are out skirts of the  
town, which will soon swell the pre-  
sent number, and other enterprises  
are on the tapis."

OUR EXPENSES.—There is an old  
adage that says, when rogues fall  
out honest men get their dues." While  
we make no special applica-  
tion of this adage, yet when we are  
enabled by the warfare existing be-  
tween the "ins" and "outs" to get in  
possession of the subject statement  
of the city expenses for the past  
twelve months we are strikingly re-  
minded of the saying.

Commissioner James H. Jones, col-  
lecting driver of Ex-Pres-  
ident Davis, in giving in his experi-  
ence as a member of the Board for  
the past twelve months at the "in's"  
meeting on Thursday night, stated  
the following:

of Raleigh, from May 1st, 1873, to  
April 1st, 1874.

fight."

THE BOARD OF COUNTY COM-  
MISSIONERS IN SESSION.—The Board  
of County Commissioners met yester-  
day and went through their usual  
routine business.

A petition was received from the  
 requisite number of voters, asking  
an election in this township on the  
prohibition or no prohibition ques-  
tion, which was granted, and pol-  
lholders appointed as ordinally. The  
election was ordered to take place on  
the first Monday in May.

Quent Busbee, Esq., and Captain  
W. W. White, who were appointed  
a committee at the last meeting of  
the Board to examine the books and  
accounts of the late Treasurer, Wm.  
M. Brown, submitted a lengthy and  
detailed report. [NOTE.—It will be  
remembered that there is an unre-  
concilable difference of about \$1,000  
between Mr. Brown's statement of his  
account for which we are seeking Ac-  
counts.]

The tax levied for this year was  
made, instead of 46 cents on the  
\$100 worth of property, the amount  
levied last year, 41 cents.

A number of petitions against the  
county were presented and orders for  
their payment made.

GRAND GIFT CONCERT.—As will  
be seen by advertisement elsewhere  
in to-day's News, the Norfolk Ma-  
sonic Relief Association proposes to  
distribute \$250,000 in \$10,000 prizes,  
and offer tickets for sale at the low  
price of 85 each. The sale of tickets  
will positively close on the 20th inst.,  
and the drawing will take place on  
Tuesday night the 5th of May.

The Board of Directors of the As-  
sociation is composed of the leading  
and most prominent business men of  
Norfolk, whose high character is a  
sufficient guarantee that everything  
will be conducted strictly upon the  
square. Mr. R. H. Bradley is the ap-  
pointed Agent for the sale of tickets  
in Raleigh, where those who are  
willing to "trust to luck" may be  
supplied with tickets.

MEETING OF THE MEMORIAL AS-  
SOCIATION.—The annual meeting of  
the Memorial Association and Or-  
phan's Aid Society will be held in  
the Session Room of the Presbyterian  
church, on Monday, the 6th inst., at  
4 o'clock P. M.

"Beauty sleep" is that obtained  
two hours before midnight. No won-  
der so many of our fashionable young  
ladies lack natural color in their  
cheeks and lustre in their eyes. How  
can they hope to possess these charms  
when three or four nights in every  
week they do not retire until an hour  
or two after the period when the  
"beauty angel" goes his rounds?  
Philadelphia Star.

We have been requested by "Mer-  
chants" to recommend the name of  
Lynn Adams for the office of As-  
sessor from Eastern Ward.

DEATH FROM HYDROPHOBIA.—A  
young man named John Morgan, re-  
siding about eight miles from Balt-  
more, on the Hartford road, was bit-  
ten by a dog about eight months  
ago. The wound healed, and very  
little attention was paid to the mat-  
ter until Tuesday last week, when  
he was taken very sick, and two days  
afterwards both his shoulders and  
arms became paralyzed. Medical  
aid was summoned, but the patient  
continued to grow worse, and during  
his paroxysms exhibited all the signs  
of hydrophobia. On Monday last he  
was seized with a fit, during which  
it required the combined strength of  
three men to hold him in bed. He  
suffered the most intense agony until  
late in the afternoon, when death  
came and relieved him.—Towns-  
ton (Md.) Union.

A TRAVELED CENT.—The Portland  
(Maine) Press says that five years  
ago a gentleman in that city scratch-  
ed his name on a nickel cent and  
sent it on his travels. Eighteen  
months after this cent came into the  
possession of a Lowell acquaintance,  
who marked his name upon it. Two  
years after it turned up in Pennsylv-  
ania, and came into the hands of a  
friend of the Portland. Recognizing  
the name, he inscribed his name  
also on the coin. One day this week  
the man who started the cent on his  
travels was making a purchase in a Low-  
ell store, when the identical nickel  
which he pocketed five years ago  
was handed to him in change.

Two million dollars have been given  
in charity in New York this winter.  
The number of poor who were re-  
lieved with a portion of the sum  
must have been very large; yet it  
has been almost impossible for those  
who tried to get a cook, nurse or  
housemaid to go to the country, and  
very difficult to get any one to go out  
to service in the city. As long as the  
soup houses stood by them they  
stood by the soup houses. There are  
supposed to be more humbugs and  
"dead beats" and "bummers" in New  
York now than would be sufficient  
to start a good sized Western city.

The death of Mr. Sumner leaves  
Mr. Chandler of Michigan, the se-  
nior Senator in continuous service.  
Mr. Chandler's term began on the  
4th of March, 1857, and he has com-  
pleted seventeen years' service. Next  
after Mr. Chandler is Mr. Anthony,  
of Rhode Island, who entered the  
Senate in 1859.

News comes to us from Havana  
that incendiary fires are raging all  
over the island. Many lives and  
much property have been destroyed,  
and all the efforts of the Government  
to detect and arrest the perpetrators,  
who are supposed to be insurgents,  
have thus far been unsuccessful.
